By Seguin

SEGUIN GROUP
FRENCH MANUFACTURER
AND TRAINING CENTER
AT CUSTOMER SERVICE

Groupe Seguin has more than 100 people working in Seguin head company in the Auvergne region and its 2 production units: JC bordelet (in Montpellier, FR) and Axis steel fireboxes (in Belley, FR).

Groupe Seguin has a strong network of dealers in France and worldwide, active on all the segments of the market, providing high quality products in technology and design.

As a strong pillar of Groupe Seguin development, the training center (located in Randan, FR) services a hundred of trainings every year, on the products, their installation and use. This professionalization is enhanced in 2016 with the 400 square meters extension of the training center .

Groupe Seguin and its dealers have established strong relations based upon confidence and a long-term approach. Seguin dealers are professional craftspeople and guarantee expertise in Groupe Seguin products and their installations.

FIREPLACES

metallic frame
